

# AMAZING ORGANICS

Be a waste warrior by filling in the blanks with a word from the word bank below.

reusable

FOGO

bottles

general waste

hard plastic bottles

metal

pot

recycle

jars

paper

library

reduce

By saying 'No' to waste when you're out and about you will **reduce** the amount of waste you create.

When going to the shops it's important to remember to bring your **reusable** bags with you from home.

An old saucepan with a broken handle may not be good for cooking anymore, but it could make a cool **pot** for planting flowers in.

Instead of buying lots of new books I could visit the **library**.

If something cannot be avoided or reused, the next best step you can take is to **recycle** it.

Our glass bin is for items like **jars** and **bottles**.

When gardening I can put leaves, weeds and sticks in the **FOGO** bin.

The **general waste** bin is for items which can't be recycled like nappies and polystyrene.

The recycling bin is for items like **hard plastic bottles**, **paper** and **metal**.
